Gamma Eta Chapter: Excelling with Honor

FEBRUARY NEWSLETTE R

Knights, The Brothers of Gamma Eta wish you a belated Happy New Year! An Alumni Advice Program is currently being developed that will connect brothers with alumni for insight into careers, surviving college, and life in general. This program will help the next generation of knights grow into respectable men and we would love to have you be a part of it. We are always happy to have alumni at Chapter, Rush events, and any other Sigma Nu event. Contact Alumni Chair if interested.

A letter to all Brothers far and wide

We hope you have enjoyed reading the newsletter so far, and are excited for the advances that we as a chapter and a brotherhood have made. We hope to reconnect with all our brothers, but unfortunately we may have lost contact with many of you over the years.

Please email Patrick Myers at: pmyers@mines.edu so that we can update your contact info and stay in touch.

Brothers displaying the "Golden Impact Award" for philanthropy and community service

Annual E-Days BBQ

The Spring Pledge Class (left to right): Corbin Baker, Brett Probst, Ian Tobiason, John Baker, and Nick Capra

Alumni Advice Program

Beginning this semester, Gamma Eta will be establishing an "Alumni Advice Program". Similar to a Mentor Program, the intent of the program will be to connect active members with alumni, ideally those who share geographic location, career fields, or general interests. Your level of involvement will be entirely self-determined, ranging from responding to occasional questions over email to in-person conversations. By allowing knowledge, expertise, and life-lessons to be passed on to newer fraternity members, we hope to strengthen the legacy of Gamma Eta and the quality of men that graduate from CSM. Any and all support is greatly appreciated and your requests regarding level of involvement will be fully honored.

We would like to thank **Brother David Kalman (TH905)** for helping to inspire the program when he reached out to the Chapter to provide his expertise in the aerospace industry.

If you are interested in becoming involved or would like to know more about the program, please contact Patrick Myers at pmyers@mines.edu

Alumni Advisory Board

As part of our efforts to strengthen alumni connections, this year will also focus on reestablishing the Gamma Eta Alumni Advisory Board. If you are interested, please contact the Alumni Chair.

Remember When...

Brothers burying a car in the winter of 2009

"Honoring the Pledges"
(from 1952 CSM "Prospector" Annual)

We have begun collecting historical photos from alumni and need your help building up the portfolio! Send your best pictures from your time at Sigma Nu and they may get posted in chapter or even in the next newsletter!

Send to: pmyers@mymail.mines.edu
